

# PODGER BARS

5POB60020

7POBRG45016

- Full length heat treatment of shaft for best performance with a long tapered point ideal for aligning
- Hexagon profile to minimise bar roll
- Heel is set to 40° for optimum levering
- Blade end is finely ground to 30° for ease of entry between surfaces
- 7POBRG's are fitted with a rubber safety grip that prevents product falling through mesh and scaffold

## Why Support Mumme Tools?

At Mumme Tools we are proud supporters of local Australian made products.

Our workshop, located in Lonsdale, South Australia is operated by skilled craftspeople that take pride in the quality products they make.

Our products are made tough, thanks to a passion for hand forging, pressing, grinding and packing here in Australia. All whilst using premium materials.

The quality speaks for itself with our range preferred by industry professionals.
