

SIZES FROM 10" TO 48" - STRAIGHT / OFFSET

High strength construction with large capacity jaws and induction hardened teeth to retain sharp edge.

Straight Aluminium Pipe Wrenches

- 40% lighter due to aluminium alloy I beam handle construction creating less fatigue.
- heat treated drop forged jaw design with their hardened teeth provides exceptional bite and resilience.

Model	Pipe Wrench Size	Suggested Pipe Size Range	Maximum Pipe Size
PWA-10	10"	½" - 1"	1½"
PWA-12	12"	2"	2"
PWA-14	14"	½" - 1½"	2"
PWA-18	18"	1" - 2"	2½"
PWA-24	24"	1½" - 2½"	3"
PWA-36	36"	2" - 3½"	5"
PWA-48	48"	3" - 5"	6"

Offset Aluminium Pipe Wrenches

- Exceptionally strong, yet ultra light.
- Ideal for use in confined space such as when pipe is against a wall

Model	Offset	Pipe Wrench Size	Suggested Pipe Size Range	Maximum Pipe Size
PWA-OS-14	90°	14"	½" - 1½"	2"
PWA-OS-18	90°	18"	1" - 2"	2½"
