

WARRIOR™ 500i CC/CV

Robust inverter welding packages

The reliable multi-process welding equipment designed for heavy duty productivity with up to 500 amps delivered.

WARRIOR™ 500i CC/CV power source

Features

- Multi-Process including MIG, Flux-Cored, Stick, Live TIG and Arc Gouging gives you the flexibility at work:
 - Flux-Cored and Solid wire, 0.8 -1.6 mm.
 - Carbon Arc Gouging up to 9.5 mm (3/8 in.).
 - 6010 (cellulosic) capability.
- High Duty cycle For long runs and various applications giving high productivity.
- Durable and rugged IP23 rating for outdoor and indoor use in rough environment.
- Easy to use Simple and clear user interface for everyone to get started quickly.
- Robust and ergonomic handles Also for mechanical lifting.
- Sun friendly display easy to read outdoor.
- Inverter technology Smaller, lighter and less energy cost, gives you value for money.
- Generator compatible For flexible use in different job sites.
- Automatic Hot Start/Variable Arc Control To support your different demands.
- Wide input voltage range to support regional requirements.

Quality & Environment

- IP23 rated Withstands rain with the fan on.
- Air tunnel design Clean and dirty side in the machine to ensure long-term reliability.
- Autofan Reduces energy consumption and dirt intake.
- · 3 years warranty

Applications

- Fabrication
- Construction
- Pipe line
- Mobile Machinery
- Ship building
- Energy generation
- Repair & Maintenance
- Rental

Main Controls

- · Power On/Off
- Digital Volt/Amp Meter
- VRD LED
- Over Temperature LED
- Output Voltage / Current Control
- Welding Process Selector
- Stick Mode Selector
- Inductance/Arc Force Control
- · Wire feeder control connector
- · Resettable Circuit Breaker
- Output Power Connectors

WARRIOR™ Feed 304 and MobileFeed 300 AVS

wire feeders

WARRIOR™ Feed 304

The new user friendly and robust feeder.

- •Rugged design handle, connectors for tough use.
- •4 roll drive with tach feedback for superior wire feeding.
- •Sun-friendly display easy to read outdoor.
- •Bobbin cover included standard feature for protection.
- •Voltage Pre-set support the setting of welding parameters.

MobileFeed 300 AVS

The rugged arc voltage feeder – Withstands tough environment.

- •Totally enclosed, super impact-resistant case.
- •4 roll drive Gives you the feedability and productivity for demanding in field work.

These welding power sources comply with the requirements of EN 60974-1 and IEC 974-1 as well as IEC/EN 60974 -1/-2 and EN 60974-10

The symbol S indicates that the welding power source may be used in areas with an increased electrical hazard, i.e. areas where the electrical hazard is increased due to damp and/or the proximity to earthed metal objects.
