“Auto Series” Automatic Doors

Designed for control of Automatic doors on commercial building (Can be used for other applications). The "A" series uses a unique removable cylinder enabling convenient master keying and key recombinations. The lock cylinder also serves to lock in place a metal cover protecting the mounting screws from removal.

AL525003

"A" = 30mm
1 Stage

AL545021

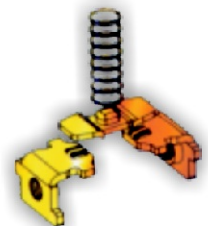

"A" = 38mm
2 Stage

AL515004

"A" = 36mm
1 Stage Spring Return

**Hi-tech multi
voltage contacts**

Note: Refer to Switch Circuits for Stage No.
