

PRODUCT SPECIFICATIONS

ULTIMATE PRINT SOFT MATT P4030

Ultimate Print Soft 4030 Matt is a heat-sealable, printable PU textile transfer film (opaque white, 80 microns) suitable for light and dark textiles.

Ultimate Print Soft 4030 Matt offers a high print resolution with a semi-matt finish and has a pleasant soft textile touch. Due to a special top coat, the film offers an excellent washing-resistance.

Ultimate Print Soft 4030 Matt is compatible with all current printers using ECO-solvent, solvent and latex inks.

Due to a newly developed, non-adhesive PET film liner, even very small letters and motifs can be easily cut by all current CAD/CAM plotters after the printing process. The PET liner should be removed warm.

The transfer film is used for motifs and logos on sport, leisure and work wear.

The raw materials are ecologically inert, do not contain PVC, plasticizers or heavy metals (in accordance with Oeko-Tex Standard 100 Class I). We recommend evaluation on test material.

Due to the various influences which occur from production and transfer of plotter letterings, consistency of the carrier materials and also washing and cleaning conditions, product liability can only cover the unprocessed material.

45° Blade
Recommended

Print right reading.

160°C

2,5 - 3,0
Medium Pressure

15 Seconds

Peel Warm

Wash warm (max 80°)
inside out Suitable for
Tumble Drying
Do Not Dry Clean

Do Not Layer.

Iron inside out.
Do not iron directly
onto transfers.

Suitable for cotton,
polyester/cotton and
polyester/acrylic.
Not suitable for Nylon.

Application tape
required

Standard dimensions: 500 mm x 25 m, 750 mm x 25m, 1000 mm x 25m
