

PRODUCT SPECIFICATIONS

EMBOSSED METALLIC AE

Embossed Metallic is a premium metallic with embossed metal finish which generates a more fashionable and touchable effect on metallic vinyl. It gives high scratch resistance, wash durability and restoration ability.

Embossed Metallic is one of the most ideal vinyl for decorative garments with brilliant metallic and touchable effect.

This product will not stretch.

Guarantee for secure and long-lasting bond of Embossed is only given when following the specified temperature and pressure conditions. We recommend evaluation on test material.

Due to the various influences which occur from production and transfer of plotter lettering, consistency of the carrier materials and also washing and cleaning conditions, product liability can only cover the unprocessed material.
