

STONE FLOCK AF5919

Stone Flock is a self-adhesive, velvety material used for Rhinestone Templates. The flock is plush and easy to cut and the sticky adhesive on the back allows this to be used and reused. Cut your circles out and peel away from the backing and you can apply it to a template backer board or stick on top of itself. Easily sweep the stones into place. Use Digimask when it's time to transfer your rhinestones.

Not suitable for washing or Heat Transfer.

60° Blade
Recommended - cut like other flock material - careful not to cut

Cut this material right reading

Peel the corner of the flock, leaving the dots behind on the paper backing

Place the template on the backboard or other hard surface to fill in with your rhinestones

Using Digimask, peel up rhinestone decal, and heat press it to your garment using your rhinestone specifications

THICKNESS

18 mils / 450 microns (without liner)

NOTE: All information based on tests believed to be reliable. These values do not constitute guaranty and do not constitute a warranty. Purchaser is to independently determine suitability of this material for specific purpose
