WEATHER SHIELD HONDA ACCORD 90-93

9045RH & 9045LH

- 1 Place Weather shield on door and mark hole positions with soft pencil on metalwork of door and sill.
- 2 The clips, nuts, bolts and dressing caps are supplied in a small plastic bag.
- 3 Assemble a nut and bolt on all clips as shown.

metalwork of door and glass channel moulding at pencil marks. See below for location of each clip.

Replace and adjust Weather shield so that front section seals on sponge strip and fits correctly on door.

- 6 Fasten with "dressing base" then "nut" then "dressing cap". Tighten screws, **but do not over-tighten.**
