Terpene Chart

Anecdotal Reports.

- + Alfie’s **highest terpene flower** is versatile Indica and our 2nd highest-prescribed flower.
- + At lower temperatures (160-195 °C) this K.Mints is great for melting away the stress of a long day, reportedly bringing a positive mental state along with the body-numbing effects to treat chronic pain while still maintaining functionality.
- + At higher temperatures (>205 °C) it can become quite sedating, making it also useful for sleep issues.
