

# MAC-1

50/50 Balanced Hybrid

22% THC

3.58% Terpenes

## Top Reported Uses

- + Anxiety/Depression
- + Chronic Pain
- + Muscle/Joint Pain
- + Migraines
- + ADHD

## Suitable for

Energising

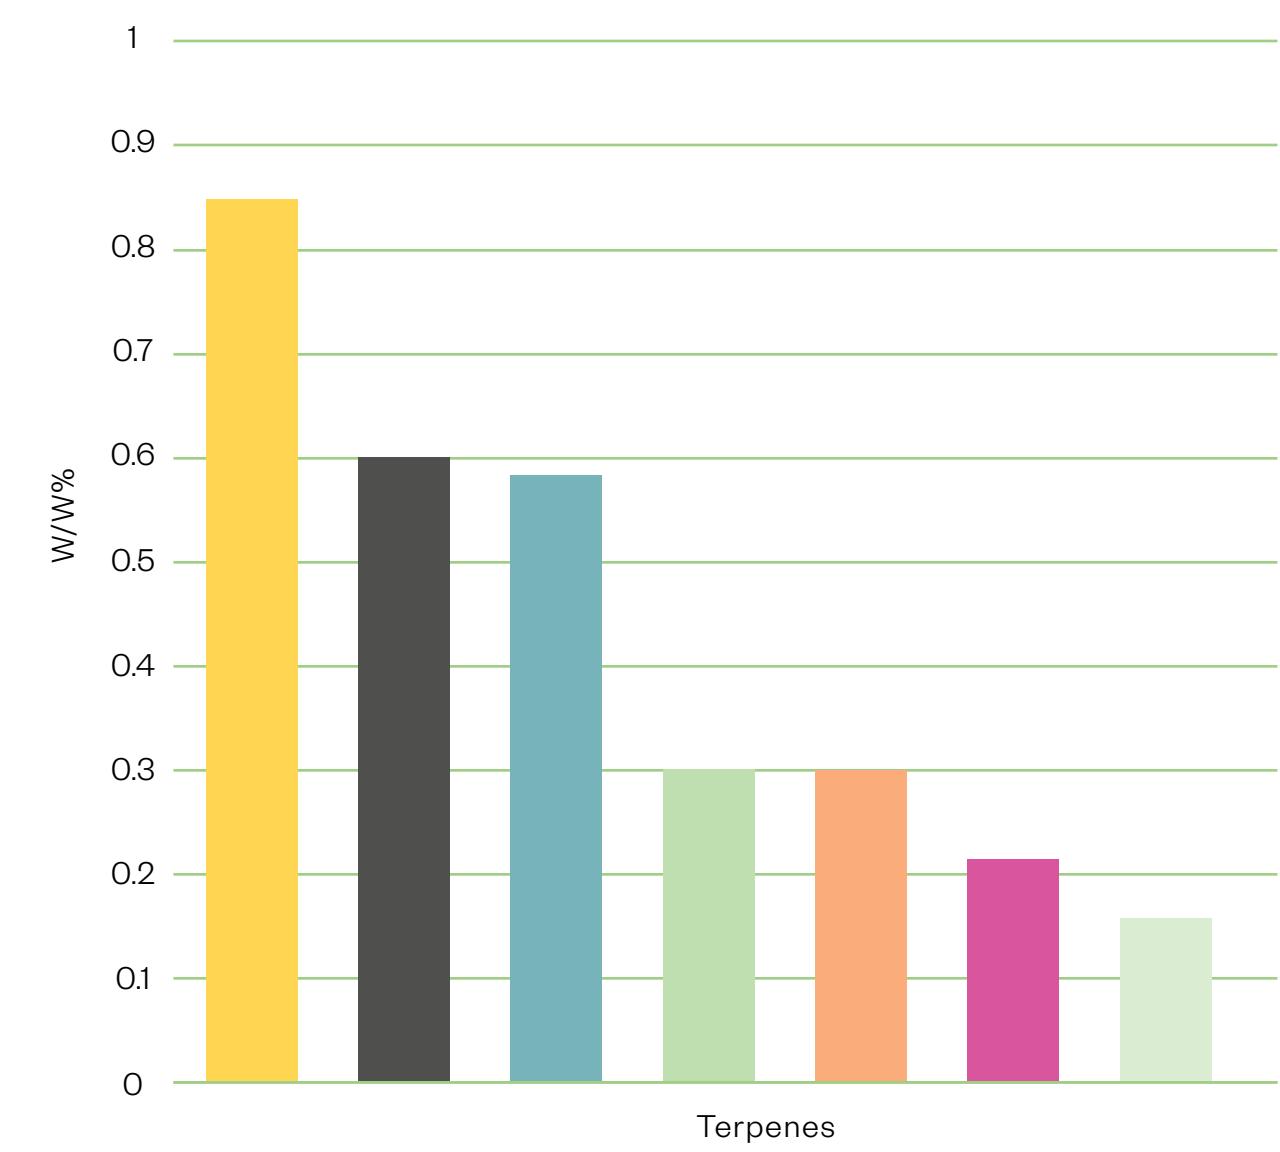

## Anecdotal Reports.

- + Many refer to as 'the hybrid of all hybrids,' with a unique 'choose your own adventure' effect profile : Alfie's top dispensed flower.
- + An abundance of terpenes; 7x over 0.15% w/w.
- + Versatile effects depending on temperatures – lower temps (160-190 °C) very functional effects, bringing mood/creativity enhancement while maintaining motor control.
- + When needing more sedating calming effects, increase temp >200 °C degrees.
- + Flexible use this during the daytime or in the evening, however not recommended for sleep disorders patients during the night as it can be too stimulating for this group.
