XDP 905 Foam Cutting Oil

XDP 905 Foam

XDP 905 Foam is a cutting, drilling and tapping oil that is the ultimate performer in high pressure applications formulated for ferrous and non ferrous metals, great on stainless steel.

XDP 905 Foam is a highly formulated semi-synthetic cutting oil - the latest development in extreme pressure cutting and tapping oils. XDP 905 provides exceptional film strength, adhesion to cutting edge, high speed applications, highest resistance to corrosion, and is ideal in deep boring and drilling applications. It is Chlorine and Sulphur free. Contains mineral oil for extra lubricity & low consumption - can therefore be used as minimum quantity lubricant.

Formulated for:

- Drilling
- Tapping
- Cutting

Ideal for vertical drilling - remains on the cutting tool

New applicator

Precision straw

Benefits:

- ✓ Foam thoroughly coats cutting tool
- ✓ Increases tool life up to 5 times
- ✓ Reduces wear and friction
- ✓ Protects against corrosion
- ✓ High residual lubricant
- ✓ Easy application foaming action
- ✓ Penetrates deep into the cut
- ✓ Promotes a superior finish
