Sea Hawk-R
LED Floodlights**

Sea Hawk-R

Compact, high performance LED floodlights in bracket or flush mount options.

Future technology has been applied to the successful Sea Hawk series for class leading efficiency and guaranteed durability.

Hi-tech materials

Sea Hawk-R housings are 'Non-metal', injection moulded from a revolutionary thermally conductive polymer. This advanced material draws heat away from internal electronics for reliable long-term operation.

Utilising thermal polymers eliminates the requirement for a aluminium housing in this class of floodlight, removing potential surface deterioration and material corrosion risks associated with coated metal in the harsh marine environment.

For strength and durability the lens is precision moulded from high performance Grilamid®. Offering excellent transparency and characterised by its very high impact and fatigue strength Grilamid® is resistant to chemicals and stress cracks.

Multivolt™ 9-33V DC

Advanced electronics ensure reliable illumination and lamp protection even under severe voltage fluctuations and low battery voltages.

Engineered light pattern

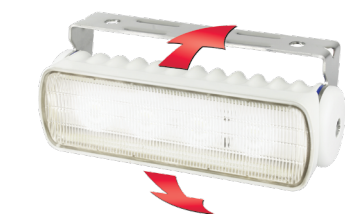

Sophisticated optics deliver a broad and even illumination without glare or harsh point sources. Specifically developed to illuminate a wide, close-range spread over a cockpit, foredeck or working area.

Pre-wired with twin core marine cable

High quality sealed cable assemblies for time saving, completely sealed installations.

Designed and manufactured in New Zealand

Sea Hawk lamps carry a 5 year warranty.

Friction mounts allow adjustment without tools on versions with stainless steel bracket.

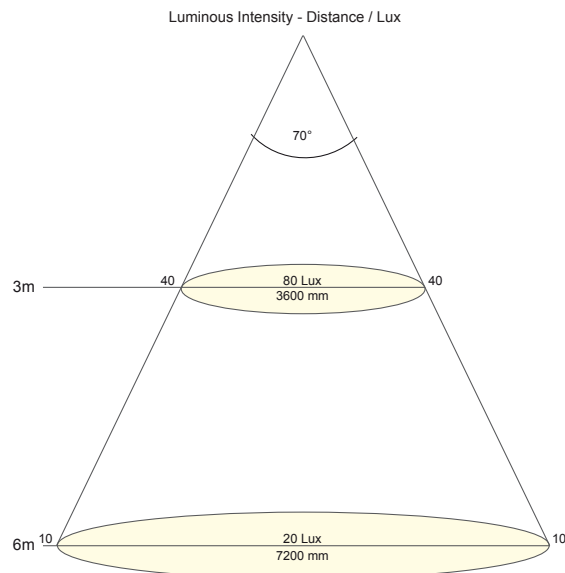

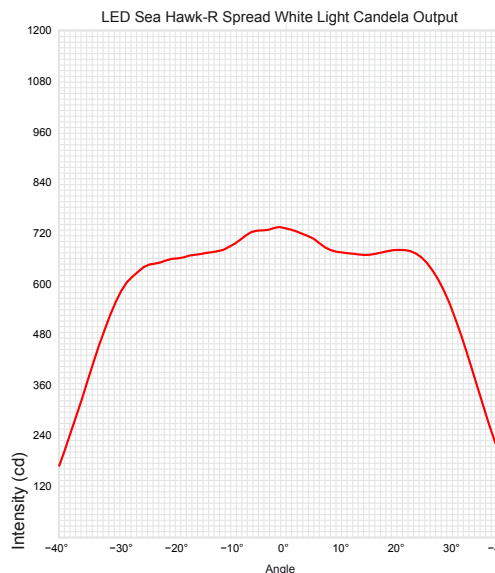

Polished 316 stainless steel bracket. Completely sealed lamp and cable entry.

Recess mounted flush lamp also offers a completely sealed housing and cable entry.

Sea Hawk-R Candela and Lux performance.

Hella marine Sea Hawk-R series.

Compact, high performance LED floodlights

Material Description	'Non metal' thermally conductive polymer housing Heavy duty Grilamid® lens
Bracket (0573 Series)	Polished 316 stainless steel
Colour Temperature	5000K (White) / 3000K (Warm White)
Cable	Pre-wired with 0.5m of twin core marine cable
Operating Voltage	Multivolt™ 9-33V DC
Degree of Protection	IP 67 - Completely Sealed
Power Consumption	7W (0.58A@12V / 0.29A@24V)
Weight	With bracket 250g / Flush mount 187g (including cable)
Light Output	550 lumens (White) / 380 lumens (Warm White)
Approvals	CE, C-Tick

Sea Hawk-R Bracket Mount

LED
Multivolt

0573 Series White Light LED Floodlights - Spread

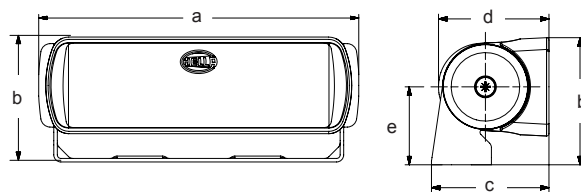

Voltage	Housing Colour	Part Number
9-33V DC	Black Housing	2LT 980 573-011
9-33V DC	White Housing	2LT 980 573-021

LED
Multivolt

0573 Series Warm White Light LED Floodlights - Spread

Voltage	Housing Colour	Part Number
9-33V DC	Black Housing	2LT 980 573-051
9-33V DC	White Housing	2LT 980 573-061

Bracket Mount Dimensions

Dimensions

a =	136mm / 5.35"
b =	53.0mm / 2.08"
c =	49.0mm / 1.93"
d =	46.0mm / 1.81"
e =	32.5mm / 1.28"
f =	90.0mm / 3.54"
g =	123mm / 4.84"
h =	25.0mm / 0.98"

Sea Hawk-R Flush Mount

LED
Multivolt

0577 Series White Light LED Floodlights - Spread

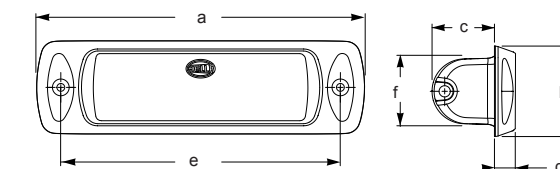

Voltage	Housing Colour	Part Number
9-33V DC	Black Housing	2LT 980 577-001
9-33V DC	White Housing	2LT 980 577-011

LED
Multivolt

0577 Series White Light LED Floodlights - Spot

Voltage	Housing Colour	Part Number
9-33V DC	Black Housing	2LT 980 577-201
9-33V DC	White Housing	2LT 980 577-211

Flush Mount Dimensions

Dimensions

a =	176mm / 6.93"
b =	50mm / 1.97"
c =	35mm / 1.38"
d =	12mm / 0.47"
e =	150mm / 5.91"
f =	42mm / 1.65"
g =	132mm / 5.20"
