Latest additions to the Hella marine range #01/17

**New!**

## Dual Colour Sea Hawk-XL

Now available with secondary LED colour combinations

**Professional sports fisherman, commercial operators and ocean racers all recognise the 'non glare' night vision preservation advantages of red lighting.**

Two rows of bright white light is ideal when working, docking or landing the big one, while the third row of secondary colour adds versatility. Red is perfect for preserving your night vision, blue is popular when added bling or a point of difference is needed, while warm white creates added comfort when you want to relax or match the rest of your interior lighting.

The new Sea Hawk-XL continues using the latest Hi-Tech materials. A heavy duty Grilamid lens provides exceptional impact resistance. The unique ceramic thermal polymer housing distributes heat away from internal components and avoids potential corrosion issues associated with metal housings.

Multivolt™ circuitry provides constant illumination and circuit protection from 9-33V DC, even under severe voltage fluctuations. Sea Hawk-XL lamps are prewired with 2.5m of marine cable and completely sealed for reliable operation in all applications.

Hella marine Sea Hawk lamps offer class leading energy efficiency, unmatched durability and are supported with a 5 year warranty for a total 'fit and forget' solution and complete peace of mind.

- Bright white light
- 750 Lumen output
- Secondary colour options  
Red / Blue / Warm White
- Low power consumption (12W)
- Multivolt 12/24V DC
- Ultra long service life
- Completely sealed IP67
- 5 year warranty

Sea Hawk-XL White LED Spread Lux Patterns.

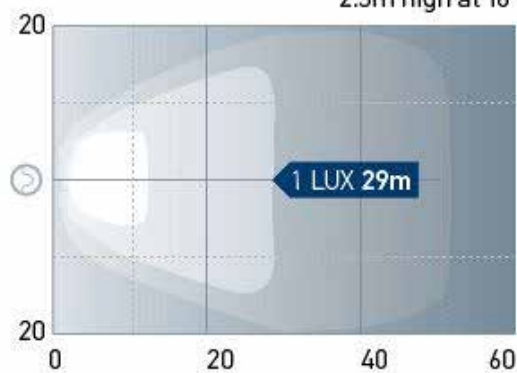

## Dual Colour Sea Hawk-XL LED Floodlights. Highly efficient and durable.

<b>Housing Material</b>	Thermally conductive polymer housing
<b>Lens Material</b>	Heavy duty Grilamid Lens
<b>Bracket Material</b>	316 Stainless Steel
<b>Colour Temperature</b>	5000K (White), 2700K (Warm White)
<b>Cable</b>	Pre-wired with 2.5m of marine cable
<b>Operating Voltage</b>	12 / 24V DC
<b>Power Consumption</b>	12W (White LEDs), 6W (Warm White), 3W (Red LEDs), 6W (Blue LEDs)
<b>Degree of Protection</b>	Completely Sealed IP 67
<b>Weight</b>	750g (including cable)
<b>Approvals</b>	CE
