

## Power Beam 3000 Series

Extremely powerful and compact LED work lamp equipped with a total of 16 high-power LEDs (5700°K) for an unbeatable white light output far superior to Xenon Gas Discharge, rated at 3000 lumens. Equipped with sturdy die-cast aluminium housing, stainless steel bracket, nylon dispersion lens and free-form (FF) reflector for optimum illumination and maximum mechanical resistance. Available with heavy-duty trunnion mounting bracket (1555LEDHD).
