F1TURBO PLUS

The F1 Turbo Plus is a heavy-duty, professional-level, rechargeable pool vacuum designed to turbo charge your pool cleaning and make pool maintenance easier.

Power Rating | Autonomous Run Time | Medium To Large Pools | Operation Depth | Storage Bag | Fine For Sand And Grass | Standard For Leaves And Twigs | 2 Years Warranty

PRODUCT ADVANTAGES QUICK VIEW

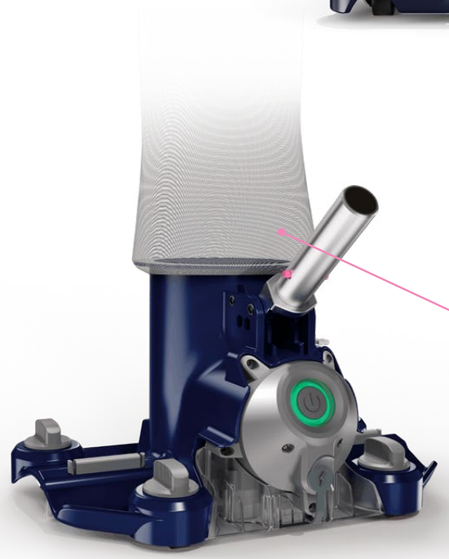

- Waterproof Magnetic Switch with automatic ON /OFF operation with water sensor.
- Includes two quality filter options for large and fine debris (250 micron / 58 micron).
- Features two brushes to help scrub the pool floor and loosen debris for a deeper clean.
- Replaceable lithium-ion battery pack extends the life of your vacuum.
- A massive 6L capacity for heavy-duty tasks.
- LED battery and fault indicator.
- Run time: Up to 90 mins.
- Charge time 3.5 to 4 hours.
- Replaceable heavy-duty castor wheels for easy movement and agility.
- Built-in safety mechanism ensures the impeller blades automatically cease operation upon clogging, to prevent motor damage.
- Strong swivelling metal handle can be connected to a standard Australian telescopic pole (not included).

Features at a glance

PWRBLADE Performance

Equipped with the patented PWRBLADE™ system with unrestricted water flow, the F1 Turbo Plus delivers 90 minutes of continuous suction power to quickly remove debris litter from your pool.

High Volume Filtration

The F1 Turbo Plus features a large 6 litre debris capacity to remove high volumes of litter from your pool, and allows fewer intervals to empty and clean the filter bags. The unit comes with two bags; a standard filter bag for debris such as leaves, and a fine filter bag for removal of smaller particles such as sand and algae.

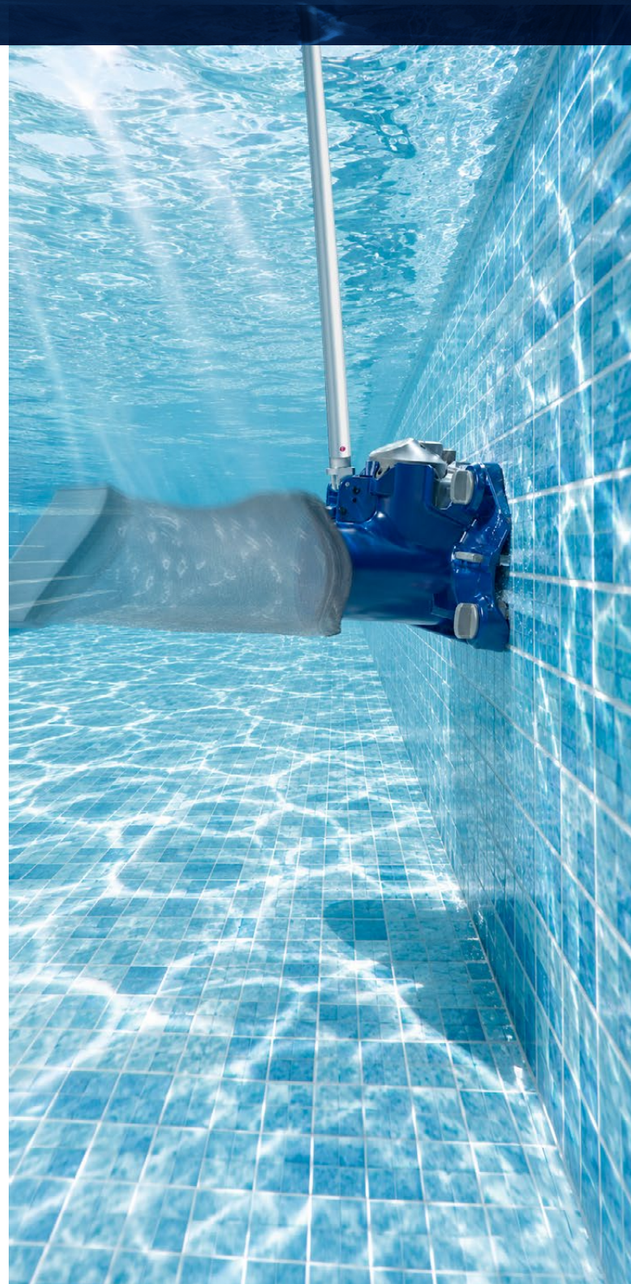

Professional-level cleaning

With its long run time, robust design and filtration performance, the F1 Turbo Plus can clean medium to large in-ground and above-ground pools to a depth of 3m.

WallGlide Technology

F1 Turbo Plus features a wall cleaning mode that allows it to function out of the water to clean walls and waterlines, whilst the 360-degree, heavy-duty castor wheels ensure effortless manoeuvrability across the floor and walls of any pool surface.
