F1SONIC PLUS

Connected by Cable.
Driven by Intelligence.

For You and Planet Blue.

Full Power meets Intelligence

Enjoy Perfect Pool Water at all Times with the BWT F1SONIC PLUS.

Features at a glance

Easy Control via WIFI and App

With modern Wi-Fi integration, the BWT F1SONIC PLUS offers maximum convenience. The app enables fast and intuitive control.

Reliable Vacation and Winter Mode

Even when the pool is not in use for an extended period, the BWT F1SONIC PLUS keeps it clean through automatic cleaning cycles.

Radar System for Structured Cleaning

The modern radar system ensures that the robot systematically scans and cleans every area of the pool - for maximum efficiency.

Full power thanks to cable connection

The BWT F1SONIC PLUS delivers full performance at all times thanks to its direct power supply.

Sustainable System

Due to the long-term use of the product, valuable environmental resources are saved.

Playful Joystick Mode

The robot can be easily operated manually via joystick mode - perfect for quickly cleaning targeted areas of the pool.

Are you ready for crystal clear BWT Pearlwater?

For more information about the F1SONIC PLUS and how it can enhance your pool experience, feel free to reach out to your local BWT contact. We're happy to answer any questions and provide further details on how to make the most of your pool season.
