

YOUR NEW ZEALAND MADE ORGANIC SOLUTION
TO A CLEAN GREEN ENVIRONMENT

Bio-Zyme Multi-Purpose | Sanitiser (see MPI Approvals)

Enzyme based Multi-Purpose cleaner sanitiser | Non Fragrant

An environmentally preferable cleaner, degreaser and sanitiser, Bio-Zyme Multi-Purpose is the safer and healthier alternative to toxic cleaners, solvents, caustics and bleaches.

Bio-Zyme Multi-Purpose cleans floors, walls, benches and all food processing equipment. It cleans more than just visible surfaces, but also cleans and deodorises floor waste pipes and drains. Works very effectively through a foaming application for greater coverage in food processing areas. May be used for cleaning large processing rooms provided the room can be divided into distinct areas. No edible product or packaging may be present in the area during cleaning and there can be no possibility of contamination of product or packaging material as a result of cleaning. When using as sanitiser contact time 1 minute, then rinse with potable water after application.

Where to use

- Freezing works
- Abattoirs
- Food processing
- Butchery / Bakery
- Kitchen / Food prep

Features & Benefits

- Fully neutralises contaminants as a biodegradable cleaner
- Reduces the number of chemicals used or stored on site
- Environmentally preferable
- Kills bacteria on surface - sanitiser (see MPI Approvals)
- Safe to use in food and processing areas - Leaves no residue
- Non-fragrant
- Cost effective
- Enhances and conditions waste water treatment systems

Technical Data

- Environmental Choice
- BioGro Certified
- MPI Approvals
- Dairy Approved
- Waste Water Treatment Systems Preferable
- Sanitiser (see MPI Approvals)
- Wide Spectrum Bacteria Control

Safety

- Do not swallow
- Keep out of reach of children
- Avoid contact with eyes
- If eye contact occurs wash out with potable water

Available in 1L, 5L, 20L

MPI Approved C38

MPI Approved Cleaner | Sanitiser
MPI Dairy Approved and Recognised

Section 1: Identification of the Substance and the Supplier.

Product Name: **Bio-Zyme Multi-Purpose**
Recommended use: Enzyme based deodoriser, cleaner and sanitiser
Company details: Bio-Zyme NZ Ltd
Address: 12 Wigram Close, Sockburn
PO Box 323, Christchurch 8140
Telephone number: 0800 24 69 96
Email: office@biozyme.co.nz
Emergency Phone No: 0800 243 622 (0800 CHEMCALL) for out of hours advice

Section 2: Hazards identification

Road and Rail Transport: Not Classified as a Dangerous Good under NZS 5433:2007 (Transport of Dangerous Goods on Land)

SIGNAL WORD: Warning

HSNO classifications: 6.3 B May cause skin irritation
6.4 A Causes eye irritation

ERMA NZ Approval: HSR 002530 Cleaning Products (Subsidiary) Group Standard

Hazard Statement(s):

H316 – Causes mild skin irritation.

H320 – Causes eye irritation.

Precautionary Statements

Prevention:

P103 – Read label before use.

P264 – Wash hands thoroughly after handling.

Response:

P305+P351+P338 – IF IN EYES: Rinse cautiously with water for several minutes.

Remove contact lenses, if present and easy to do. Continue rinsing.

P332+P313 – If skin irritation occurs: Get medical advice/attention.

P337+P313 – If eye irritation persists: Get medical advice/attention.

Disposal:

P501 Dispose of contents and container in accordance with relevant legislation.

For additional information see section 13 of this SDS.

Section 3: Information on Ingredients

Components	CAS Number	Proportion
Non-Ionic Surfactant	68439-46-3	5 % w/w
Citric Acid	77-92-9	0-5 % w/w
Lactic Acid	79-33-4	0-5 % w/w
Non Hazardous ingredients incl water	-	Balance to 100%

Section 4: First Aid Measures

First Aid: Call a Doctor or National Poisons Centre 0800 POISON (0800 764 766) following first aid treatment.

Skin Contact: Rinse skin with plenty of water. Remove contaminated clothing and wash before re-use. If skin irritation or rash occurs get medical advice

Eye Contact: Rinse with water for several minutes, remove contact lenses if present and easy to do, continue rinsing.
Call a POISON CENTRE or doctor for advice.

Ingestion: Rinse mouth, do **NOT** induce vomiting.
IMMEDIATELY call a POISONS CENTRE or doctor.

Inhalation: If breathing is difficult, remove to fresh air and keep at rest in a position comfortable for breathing.

Medical attention and special treatment: Treat symptomatically

Section 5: Fire Fighting Measures

Hazards from combustion products: Normally stable. Under extreme heat organic vapours of carbon, nitrogen and sulphur may evolve.

Precautions for fire fighters and special protective equipment: Wear self-contained breathing apparatus and protective clothing when in close proximity or in confined spaces.

Suitable extinguishing media: All means of extinguishing are acceptable.

Hazchem: N/A

Section 6: Accidental Release Methods

Method and materials for containment and clean up: Contain spill with sand or other absorbent material and transfer to plastic drums for approved disposal. Wash away small spills with water. Avoid contamination of waterways

Section 7: Handling and Storage

Precautions for safe handling: Normal work and hygiene practices for handling non-hazardous liquid material..

Conditions for safe storage: Store in suitable label containers. Keep out of reach of children.

Section 8: Exposure controls/Personal protection

Workplace Exposure guidelines: No special handling advice required

Personal Protective equipment: Normal work and hygiene practices for handling non-hazardous liquid material.

Section 9: Physical and Chemical Properties

Physical state:	Liquid
Colour:	Dark Brown
Odour:	Malt like odour
Solubility in water:	100%
Specific gravity:	1.01
Flash point (°C):	Not Determined
pH:	Neat; 4.0 approx

Section 10: Stability and Reactivity

Chemical Stability:	Stable under normal conditions
Conditions to avoid:	Heat
Material to avoid:	None known
Hazardous reactions:	None known

Section 11: Toxicological Information

Ingestion: ENDPOINT: LD50
VALUE: >5000 mg/kg
REFERENCE: Calculated based on component chemicals using mixture rules set out in the following:
<http://www.ermanz.govt.nz/resources/publications/pdfs/Assigning%20a%20Hazardous%20Substance%20to%20a%20Group%20Standard.pdf>

Eye contact: Irritant
Skin contact: Irritant
Inhalation: Not Determined
Long term effects: Not Determined

Section 12: Ecological information

Ecotoxicity: Not considered to be a hazard in the environment, but must be used as per manufacturers instruction
Biocumulative: No
Rapidly Degradable: Yes

Section 13: Disposal considerations

Product:
Recycle if possible.
Dispose of spent solution to sewer.
Avoid contamination of waterways.

Packaging:
Recycle if possible. All containers are recyclable
Packaging if not recycled should be rendered incapable of containing any material.
Puncture containers to prevent reuse and take to an authorised landfill.

Section 14: Transport information

Road and Rail Transport: Not Classified as a Dangerous Good under NZS 5433:2007 (Transport of Dangerous Goods on Land)
Marine, Air Transport: Similar listing as for Road and Rail Transport apply

Section 15: Regulatory Information

ERMA NZ Approval: HSR 002530 Cleaning Products (Subsidiary) Group Standard
MPI Approved (all animal products except dairy) C38
MPI Approved for use in farm dairies. "but not in processing equipment"
MPI Recognised for use in dairy processing. "but not in processing equipment"
BioGro Organic certification: Certified Input for Organics #4839

Section 16: Other information

Disclaimer: This SDS summarises our best knowledge at the date of issue, the chemical health and safety limits of the material and general guidance on how to safely handle the material in the workplace. Since Bio-Zyme NZ Ltd cannot anticipate or control the conditions under which the product may be used, each user must, prior to usage, assess and control the risks arising from its use of the material. If clarification or further information is needed, the user should contact Bio-Zyme NZ Ltd

Attn: Trevor Proffit

Bio-Zyme NZ Limited
PO Box 323
Christchurch 8140

Dear Trevor

APPROVAL and RECOGNITION of Dairy Maintenance Compound

The product **Bio-Zyme Multi Purpose** has been considered in conjunction with the independent assessment report provided and determined to satisfy the requirements of clause 30(3) of the Animal Products (Dairy) Regulations 2005.

The product **Bio-Zyme Multi Purpose** has been assessed and is approved for use in farm dairies and recognised for use in dairy premises when used in accordance with the label instructions.

Conditions

Approved

Approved for use in farm dairies

1. Must not be used in areas used for milking, milk storage, CIP, chemical or medicine storage, or air intake
2. Surfaces must be rinsed after use
3. Incidental contact with milking equipment must be followed through cleaning with a suitably approved product.

Recognised

Recognised for use in general dairy processing

- 4 For use in external areas only
- 5 Not for use near air intake/ventilation to processing areas 3. Not for use on milk transport tanks or silos and tanks for the storage of milk, food or ingredients.

Note:

Bio-Zyme products contain yeast, molasses, malt and sugar. Use within processing environments is not acceptable due to the potential for contamination. If complaints arise the Approval and Recognition may need to be withdrawn.

Note that any device installed in the farm dairy must meet the requirements of NZCP1: Design and Operation of Farm dairies. Suitable protection must be included in the design to ensure milk cannot be contaminated if a failure were to occur.

Where this **approval** is stated on the product label, the statement "MPI approved for use in farm dairies" is to be used, unless an alternative is agreed in writing by MPI.

Where this **recognition** is stated on the product label, the statement "MPI recognised for use in dairy processing" is to be used, unless an alternative is agreed in writing by MPI.

Should this product be determined to be unsatisfactory when used as recommended by the manufacturer or an agent of the manufacturer at the stated dosage, MPI may withdraw this approval and recognition.

Ministry for Primary Industries
Manatū Ahu Matua

Review

This approval & recognition is valid for a maximum period of 5 years but is subject to periodic review and may be withdrawn at any time should the Director-General determine that there is sufficient evidence that the products are not fit for the purpose for which this approval & recognition applies. You will be issued a letter prior to the review date, which is set at **21 October 2021** but you are responsible for ensuring that this review is completed if you wish to retain MPI approval & recognition of the above dairy maintenance compound.

Yours faithfully

Maree Zinzley

24 July 2017

Bio-Zyme NZ Ltd
PO Box 323
Christchurch

Trade Name: Bio-Zyme Multi Purpose
Description: Cleaner Sanitiser
Code: C 38

Approvals:

This compound is approved for use in premises processing all animal product except dairy, operating under the Animal products Act regime.

This approval is under the following regulations and notices, subject to the conditions stated in this approval:

1. Regulation 11(4)(b) of the Animal Products Regulations 2000 and Regulation 18(4)(b) of the Animal Products (Regulated Control Scheme – Limited Processing Fishing Vessels) Regulations 2001
2. Clause 4(1) of the Animal Products (Specifications for Limited Processing Fishing Vessels) Notice 2005, Clause 3(1) of the Animal Products (Specifications for Products Intended for Human Consumption) Notice 2004, clause 4(1) of the Animal Products (Specifications for Products Intended for Animal Consumption) Notice 2006

Conditions:

1. This may be used for cleaning large processing rooms provided the room can be divided into distinct areas, no edible product or packaging material is present in the area during cleaning and there can be no possibility of contamination of product or packaging material as a result of cleaning.
2. As a general cleaner in all other instances, all edible product and packaging material must be removed from the room before cleaning starts.
3. After using this compound, food contact surfaces must be thoroughly rinsed with potable water before production starts.

This approval may be withdrawn at any time due to unapproved directions for use, or unsatisfactory performance, or any change in product formulation. The Branch Planning, Systems & Support Directorate must be notified if the holder of this approval wishes to transfer their products to another entity.

The product must be used in accordance with the manufacturer's instructions and specifications. The label may include a statement to the effect that the product is approved for use in premises registered under the Animal Products Act regime. Any statements made, however, must include the approval code and must be limited to the following unless otherwise specified:

MPI Approved C 38 (All animal product except dairy)

Note: Former NZFSA statements must be removed from your labels.

This approval must not be used as a Ministry for Primary Industries (MPI) endorsement of any claim made for the product by the manufacturer.

This approval will remain valid until 31 October 2022 unless the approval is revoked by notice in writing at an earlier stage.

Any queries regarding this approval should be directed to MPI Approvals by either telephone on 04 894 2550 or by e-mail at approvals@mpi.govt.nz.
