Oven & Grill Cleaner

Heavy-duty cleaner for removing fat and heavy carbon soiling from kitchen and oven surfaces. Non-gel formula runs where it is poured, making it ideal for hotplate cleaning. May also be diluted with care and used as a heavy-duty floor cleaner.

DIRECTIONS

Using undiluted, pour or brush over surfaces to be degreased. Leave for several minutes, agitating with a stiff brush or scraper to assist removal of soiling. Re-apply as needed. Rinse with fresh water to finish. Avoid spraying. Only apply to cooled surfaces to avoid splatter and fuming. See precautions and warning panel.

KITCHENS Ovens, grills and hotplates
OUTDOORS BBQs

PROPERTIES

APPEARANCE	Clear Colourless Liquid
FRAGRANCE	No Fragrance
SPECIFIC GRAVITY	1.16
pH	12.5 (1% w/v solution)

REORDER

Applicator	BK-REN1
5 Litres	FK-REN05
20 Litres	FK-REN20

CHEMICAL SOLUTIONS SUSTAINABILITY POLICY

We are committed to continual improvement in our environmental performance, and have established a number of goals and initiatives helping achieve this objective. Where possible we always use biodegradable raw materials and all our finished product packaging is reusable or recyclable.

This is only a start, we continually strive to better our environmental performance.
