

FIREDOG

Oven & Grill Caustic Cleaner

Description:

FIREDOG is a highly alkaline liquid specially formulated for heavy duty cleaning of ovens, grills and hot plates. Its enhanced formula is fortified with surfactants which enables to remove baked on fats and grease fast and effectively. Firedog is NZ's premium and best Grill Cleaner

MPI Approved C31 [All animal product except dairy]

Directions for use:

Squirt neat product to warm [NOT HOT] surface, making sure to spread evenly over surface. Leave the product on the surface for a few minutes and rinse off with potable water. For very stubborn deposits of carbon, use of a scraper or abrasive griddle pad is recommended.

Do NOT spray or atomise the product. Do NOT use on aluminium or aluminium alloys. Avoid prolonged contact with tinned or galvanised surfaces.

Consult your Cascade representative for further information.

Safety Information:

- FIREDOG is classified as Hazardous according to the GHS.
- FIREDOG is classified as Dangerous Goods according to the ADG Code (7 th Ed).
- FIREDOG is a Scheduled Poison according to the SUSMP.
- Avoid contact with eyes and skin. Refer to SDS for further information.
