

VU200

A new formula for a quick clean

NILFISK

Spot it, got it!

Performing 25 to 40 quick cleans day in and day out is time-consuming - what you need is easy. We'll give you easy!

Say hi to the VU200, our new cordless 'grab and go' vacuum that lets you clean comfortably and quickly without interrupting your workflow. This tool does not mess around; it goes straight to business. Spot it, got it!

The mounting bracket makes this stick vacuum a part of your cleaning cart, enabling a smooth workflow

The prefilter for rough dust and the anti-allergy HEPA 14 filter retains 99.99% of airborne particles, ensuring a healthier and safer working environment

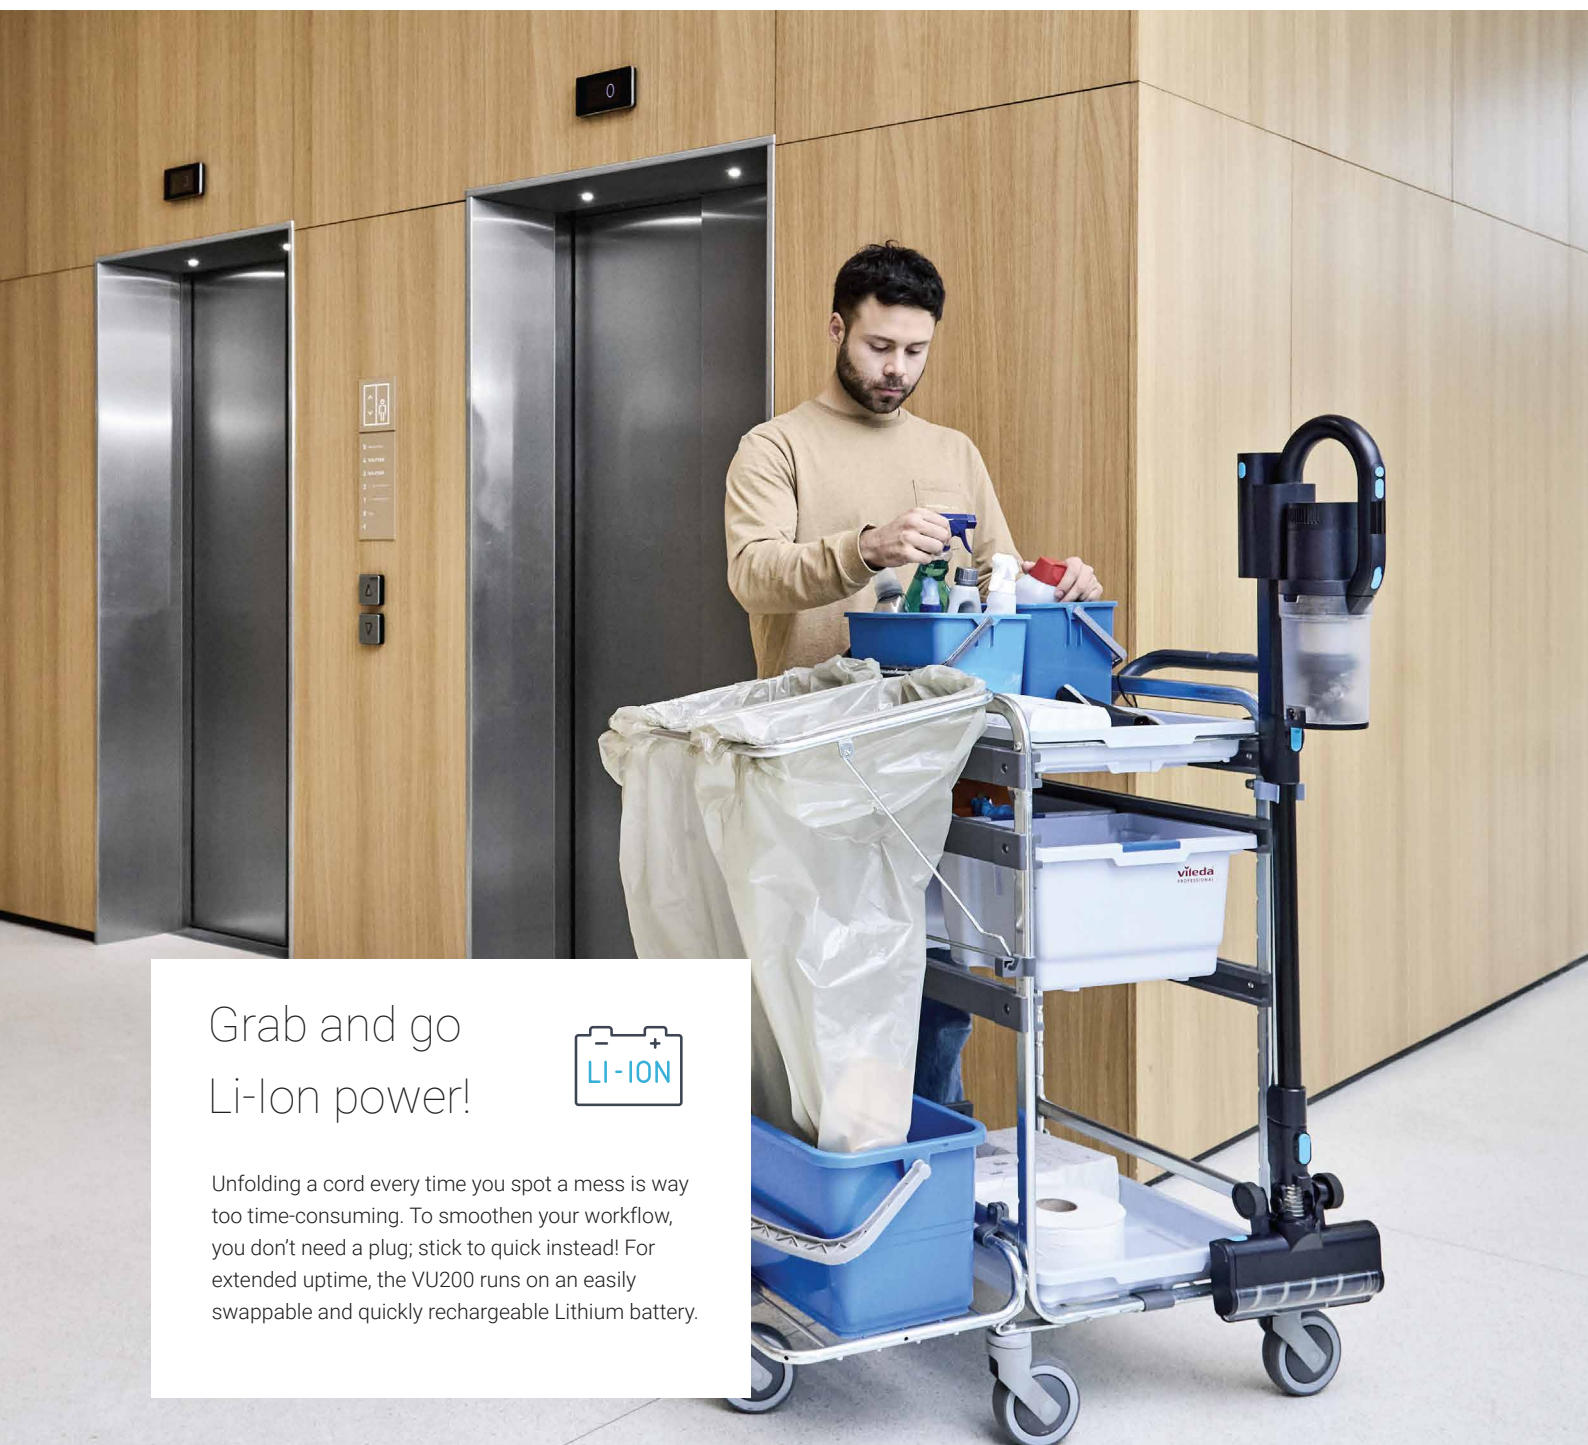

The ergonomic handle avoids injuries and strain, and the compact size and the slim accessories enable you to clean even hard-to-reach areas comfortably

No plug or cord to trip over, this cordless vacuum stick runs on a Lithium battery - a battery- and charger kit makes it easy to swap and recharge

Straight-up cleaning efficiency

The VU200 is easy to use. Easy to grab and go, easy to empty, and easy to interact with. Colored touchpoints allow an intuitive understanding of what to interact with, and when the container is full, you simply open the lid and empty it. No bags are needed.

Grab and go
Li-Ion power!

Unfolding a cord every time you spot a mess is way too time-consuming. To smoothen your workflow, you don't need a plug; stick to quick instead! For extended uptime, the VU200 runs on an easily swappable and quickly rechargeable Lithium battery.

Top features and benefits also include

- A unique, ergonomic handle designed for comfortable use no matter the task
- Certified for professional use, the VU200 features a powerful motor and durable construction, providing reliability
- Three different modes to adapt to your cleaning needs: Eco-mode, standard mode, and turbo mode for efficient cleaning
- Suitable for both hard floors and soft floors

Technical specifications

Description	Unit	VU200	Battery and charger
Voltage/Frequency	V/Hz	100-240/50-60	100-240/50-60
Protection class / IP protection		II / IP20	II / IP20
Rated Power	W	550	66
Suction Power (end of tube)	W	170	-
Airflow (end of tube)	L/s	16	-
Vacuum at nozzle	kPa	20	-
Sound power level (IEC 60335-2-69)	dB(A)	≤82/2	-
Sound pressure level (IEC 60335-2-69)	dB(A)	≤76/2	-
Dust bin capacity	L	0.8	-
Battery type		Lithium-ion	Lithium-ion
Battery run time Eco/Normal/Turbo	min	60/25/12	-
Charging time	min	110	110
Main filter type		HEPA 14	-
Weight	kg	2.97	1.4
Dimensions (LxWxH)	mm	255x226x1255	187x113x210
Nozzle width	mm	255	-
