

## READ LABEL BEFORE USE

### WARNING

Suspected of damaging fertility or the unborn child through prolonged or repeated ingestion. Designed for biocidal action.

### PRECAUTIONS

Do not handle until all safety precautions have been read and understood. Wear protective gloves. Wash hands after use. Avoid release to the aquatic environment.

### FIRST AID

If swallowed, rinse mouth with water. Do not induce vomiting, and seek medical advice. For skin/eye contact rinse with plenty of water. If exposed or concerned call the National Poisons Centre (0800 764 766) or a doctor and have label on hand.

### STORAGE/DISPOSAL

Store locked up, in original container, in a cool, dark place, away from children, animals and food stuffs. Dispose of empty container in domestic rubbish. As Tasmex Ant Labs Ltd has no control over the storage or use of this product, no liability is accepted for accidents or damage arising from the incorrect storage or use of this product.

## KEEP OUT OF REACH OF CHILDREN

# TASMEX

ANT LABS

# EXTERM-AN-ANT®

An ant killer containing natural attractants and toxins which along with dead ants is picked up and carried back to the nest to destroy the colony. Repeat until all ants are destroyed.

### ACTIVE INGREDIENTS

80g/litre Boric Acid Cas No. 10043-35-3 and  
56g/litre Sodium Borate Cas No. 12179-04-3  
in the form of a ready to use liquid.

Expiry Date:  
31 December, 2029

# 100ML

Lot Number  
See Bottom

HSNO Approval Code: HSR000692

### DIRECTIONS

**SHAKE THOROUGHLY** and pour 4-5ml onto foil or shallow dish and leave near ant trail. Place baits in sites not accessible to pets or humans, especially children, and away from food stuffs. Lay multiple baits to control heavy infestation. Repeat daily until no ants are observed. For best results remove other potential ant food sources.
