FABRIC CARE

Professional dry cleaning only. Not suitable for home cleaning. Scotchgard protection is recommended to guard against stains and marks. Each fabric is individually dyed, so slight colour variation can occur between runs.

Designing for *real life*

The Martindale rub count is the industry benchmark for abrasion resistance. Results are reported in rub cycles, and the higher the number, the more resilient the fabric. For commercial use, a minimum of 30,000 cycles is typically recommended.
