

HESTON ROUND MARBLE SIDE TABLE - BRASS

B32186

Timelessly elegant, our Heston collection merges rustic sensibility of a hand forged iron frame with a rich counterpoint of organically smoothed white marble, sourced from Greece. The fine and elegant silhouette of this design allows for practical adaptability to create a sense of air in your space. Individually hand crafted by artisans to reveal an imperfect texture, create symmetry with coordinating side tables in your living space or bedroom, or create a single statement to your armchair.
