	Vegetable Oil	33%
	Resin	2%
	Additive	1% (polymethyl methacrylate, methyl methacrylate, aluminium hydroxide)

Polishing Compound LBUFFX2 – White Bar

Contains:	Aluminium Oxide	64%
	Vegetable Oil	25%
	Wax	10%
	Additive	1% (polymethyl methacrylate, methyl methacrylate, aluminium hydroxide)

LBUFFX1 & LBUFFX2

- Caution:** Dust can be irritant to eyes & skin & respiratory system.
Avoid breathing dust – may cause respiratory tract irritation
It is recommended to wear protective clothing to avoid contact with skin or eyes
- First Aid:**
- * if swallowed, seek medical advice and show this label. Do not induce vomiting
 - * In case of contact with eyes, remove contact lenses if present, rinse immediately with plenty of water. If irritation continues, seek medical advice
 - * for skin contact remove contaminated clothing, wash skin thoroughly with soap & water
 - * if excessive dust is inhaled, move to the fresh air. If breathing difficulty persists, seek medical advice.

LBUFFX3 – Gold Polishing Wax Compound Bar

	Carnauba Wax	40%
	Beeswax	25%
	Microcrystalline Wax	34%
	Additive	1% (polymethyl methacrylate, methyl methacrylate, aluminium hydroxide)

While not considered a hazardous substance it is recommended to avoid inhalation of any dust, avoid skin and eye contact. First Aid measures as above may be appropriate in the case of a reaction.

NOTE: these are potential hazards from the substances. In addition, there is a hazard from the operation of the lathe with the polishing system in use. It is recommended to wear a full-face shield and to hold the wooden item firmly.
