

SECURITY CABLE

6Core, 14/020 Unshielded Security Cable

FEATURES:

Description:

0.44mm², 6 Core Security & Alarm Cable. Unshielded PVC insulated, PVC sheathed, RoHS Compliant Extra low voltage. Not for mains connection. Oxygen Free Copper.

Inner conductor

Material: Plain Annealed Oxygen Free Copper, STRANDED

Stranding: 14x0.2mm

Nom. O.D. 0.86mm

Cross section area: 0.44mm²

Max. DC resistance: 43 Ohm / Km

Insulation

Material: Coloured PVC, RoHS compliant

Nom. O.D.: 1.50mm

Nom. Wall Thickness: 0.32mm

Colour codes; Black / White / Red / Blue / Green / Yellow, 6 cores stranded

Sheath

Material: White PVC, RoHS compliant

Nom. External O.D.: 5.50±0.30mm

Nom. Wall Thickness: 0.60±0.05mm

Cable Finish: Typically ropy

Voltage Rating: Extra low voltage

Operating Temp. Range: -20C to +70C
