Solvent Laundry Spotter Treatment

Ready-to-use spray laundry pre-wash or post-wash stain remover. Spray directly onto carbon, grease, oil, lipstick, shoe polish and other petroleum based soiling. Designed for use in conjunction with the Kemsol laundry system and safe on most common fabrics and linen varieties. Do not use on silk, woollen or other delicates.

DIRECTIONS

Spray directly onto stain. Amount dispersed should be in relation to the extent of the stain. Use more for heavier stains or marks. Leave for 5-10 minutes. Wash or re-wash as usual. Results may vary due to the wide nature of stains and often unknown sources, and the wide variety of garment types available.

We encourage trialling to ensure suitability and compatibility. If treated fabric directly or indirectly comes in contact with edible product, a thorough rinse with potable water must follow the laundering process.

MPI APPROVAL

MPI APPROVED C33 (All animal product except dairy)

If treated fabric directly or indirectly comes in contact with edible product, a thorough rinse with potable water must follow the laundering process.

LAUNDRY Pre-wash, post-wash, petroleum-based soiling removal

PROPERTIES

APPEARANCE	Clear Colourless Liquid
FRAGRANCE	Solvent
SPECIFIC GRAVITY	0.818
pH	N/A

REORDER

Applicator	FK-STASO01
5 Litres	FK-STASO05

CHEMICAL SOLUTIONS SUSTAINABILITY POLICY

We are committed to continual improvement in our environmental performance, and have established a number of goals and initiatives helping achieve this objective. Where possible we always use biodegradable raw materials and all our finished product packaging is reusable or recyclable.

This is only a start, we continually strive to better our environmental performance.
