

Smart-San™

D2 Surface Sanitiser For Food Contact Surfaces

KILLS 99.999% of Bacteria, Fungi and Viruses

AIR DRYING—No Wiping

NZFSA C43, Dairy & AsureQuality APPROVED

SAFER formula for Direct Food Contact Surfaces

FASTER Sanitise in 60 Seconds, 5 Minutes to Disinfect

CONSISTENT RESULTS — Ready to Use Ensures Consistent Efficacy

ALCOHOL-QUAT Formulation — Very Effective Against Bio Films, Fats and Oils

THE IDEAL SURFACE SANITISER FOR:

- ◆ FOOD MANUFACTURING
- ◆ DAIRY INDUSTRY
- ◆ HOSPITALITY
- ◆ FRUIT PRODUCTION AREAS
- ◆ MEAT PROCESSING PLANTS
- ◆ AND MANY MORE.....

With Smart-San D2 Surface Sanitiser You Can Safeguard the Health of Your Company in More Ways Than One

Do you worry about leaving your company at risk while trying to complete the sanitising cycle in those touchy areas? Keep yourself covered with Smart-San D2 Surface Sanitiser the first ready to use alcohol-quat based formula. With rapid evaporation, this money saving no-rinse

formula protects your water sensitive equipment, tools, and environment. And with only a 60 second dwell time, it speeds up the sanitisation cycle and makes it next to impossible to misuse. This alcohol-quat formula is also great for all those trouble spots by attacking Bio-films, Fats and Oils.
