

BRIDGEPOINT SYSTEMS

SPOT STOP

Professional Strength Stain Remover

- The encapsulating polymer additive will virtually eliminate wicking of soil or spills after effective stain removal techniques have been thoroughly completed.
- The lightly acidic pH neutralizes any alkaline residues from professional strength stain removal products. It also protects against browning and yellowing.
- The light odor neutralizing additive will help remove organic odors left on the carpet after spotting.

- No more WICKING
- No more RESOILING
- No more BROWNING

DIRECTIONS

For post treatment of Professional Stain Removal Products

1. Thoroughly remove stains and extract area.
2. Lightly mist area treated and brush Spot Stop evenly into fiber using Whiz Groom.
3. Let dry naturally.

Available in Quart Bottles and 12 x 1 Quart Bottles
