

Clean Green

All Purpose Heavy Duty Detergent

Clean Green is suitable for cleaning all kitchen cutlery, pots, and dishes, plus may be used to clean vehicles, boats, walls, hands and most other washable surfaces. Clean Green is a hardworking neutral detergent with a fresh lemon fragrance to make tough jobs more pleasant, and maintains foam and cleaning ability under greasy conditions yet contains additives to retain skin softness and reduce skin swelling that often occurs during prolonged immersion.

Clean Green is premium blend of lemon oils, coconut oil derivatives, glycerine, plus anionic and non-ionic surfactants. It emulsifies, wets, and suspends all soil types, moreover foam and performance is maintained through the toughest soils. Clean Green is non-corrosive to metals, paints and plastics, but undiluted Clean Green should never be left in contact with painted surfaces or plastics as penetration and softening may occur.

Directions: Manual sink washing application, use at a ratio of 1:500 (0.25% soln, 25mls per 10ltrs) in warm potable water (more or less depending on soiling levels).

Hard surface applications: use at a ratio of 5 to 30mls per 10 litres of water, depending on the level of soiling.

Window cleaning: use 5mls per 10 litres of water. Spray onto windows and wipe with clean paper towel.

Vehicle washing: use 20mls per 10 litres of water. Sponge onto vehicle and rinse with water.

MPI APPROVED C32 (All animal product except dairy)
