POWERFUL FORMULA

READY TO USE

CITRUS BASED FORMULATION

GREAT TROUBLE-SHOOTER

Citrus Based Solvent Cleaner

High strength multi-purpose cleaning agent for the removal of tar, rubber marks, graffiti and other heavy soiling from a variety of surfaces. Leaves a lasting citrus fragrance.

APPLICATION

EXTERIORS: Heavy duty spot cleaning, graffiti, label residue, grease, tar & rubber residue removal

DIRECTIONS

Spray or apply with a cloth directly onto the surface to be cleaned, then wipe clean with a clean rag or cloth. In spray-on application, always minimise atomised product by adjusting the spray nozzle. May be applied directly to a clean cloth or paper towel, instead of direct-to-surface application. Leave for 30 seconds to 10 minutes (depending on soiling type and levels), then wipe with clean cloth or paper towel. Repeat if required. Longer contact time may prove beneficial for soiling such as graffiti and chewing gum.

Application & Intensity Guide

Heavy

Heavy-duty exterior surface cleaner

Heavy-duty spot cleaning, graffiti, label residue, grease, tar, gum & rubber residue removal

Removes heavy soiling from a variety of hard surfaces. Leaves a lasting citrus fragrance.

Spray undiluted
