WET AND DRY GRINDING

Apart from grinding the beans, it also can grind the wet ingredients. Use the cross blades to grind garlic, gingers, corns, and pesto.

15s to MAKE GRIND PERFECT

With powerful blades and 350 watts motor, you can grind the desired powder as you want. 6 seconds for coarse powder, 10 seconds for medium powder while 15 seconds for fine powder.

MOTOR PROTECTION

Thermal protection is detecting over-temperature conditions and disconnecting the power to the electronic circuits. The protection prevents fires or damage to electronics components, which may arise due to the excess heat in the power supplies or other equipment.
