

Product Data Sheet

Product Code: EU

Issued: August 16, 2011

What is Eucadet?

With the fresh fragrance of eucalyptus oil, EUCADET is a detergent concentrate which can be used on any washable surface for easy cleaning.

Key Benefits

- ✓ Anything that can be washed can be cleaned with EUCADET.
- ✓ EUCADET cleans fast and completely.
- ✓ EUCADET is low-alkaline and biodegradable.
- ✓ EUCADET has a clean, fresh eucalyptus fragrance.

How Does It Work?

This highly active cleaner has a powerful, penetrating wetting action to wet the surface, emulsify soilage and disperse it. EUCADET is a rinse-free cleaner that does not re-deposit soil or leave visible films on shiny surfaces. It will not produce 'bloom' on floor polish films and is safe to use on aluminium and other sensitive materials.

For Use On...

EUCADET will remove food, grease and protein matter, cooking fats, smoke films, smears on glass, road dirt on cars and trucks and spillages and dirt from floors.

EUCADET will clean dishes, glass, utensils, paintwork, car duco, terrazzo, marble, stainless steel, floors, walls and all surfaces requiring a low-alkaline detergent.

Technical Data

Properties

COLOUR – Pink lotion

ODOUR – Eucalyptus fragrance

pH = 9.0 to 9.5 (as supplied)

FOAM – High level of foam with good stability

Environmental Care

EUCADET conforms with all statutory environmental requirements. It is based on safe ingredients selected to perform efficiently so there is no waste or damage. EUCADET is non-flammable and non-caustic. EUCADET is biodegradable. EUCADET containers will be cleaned and reused if returned to Agar Cleaning Systems Pty Ltd., significantly reducing plastic usage and waste. They can also be recycled.

Quality

The design, manufacture and supply of all Agar chemical products is controlled by the Agar Quality Management System which is registered and externally audited by SAI Global as complying with the requirements of AS/NZS ISO 9001 "Quality Management Systems – Requirements".

First Certified: 30 April 1996

SAI Certificate No.: QEC7358

Application

- Make up the solution to the correct strength, spray or mop the solution onto the surface, allow it to soak for a few minutes then scrub to remove the dirt. Rinse if necessary. Windows may be squeegeed to remove the dirt and detergent solution.
- Medium to Heavy duty cleaning: dilute 1 part of EUCADET to 60 parts with water.
To 500ml spraygun: add 8ml EUCADET.
To 10L water in bucket: add 166ml (2/3 cup) EUCADET.
- Light duty cleaning: dilute 1 part of EUCADET to 250 parts with water.
To 500ml spraygun: add 2ml EUCADET
To 10L water in bucket: add 40ml EUCADET.

Agar Cleaning Systems maintains Safety Data Sheets (SDS) on all of its products. These sheets contain information that you may need to protect your employees and customers against health or safety hazards associated with our product. Agar Cleaning Systems recommends that you obtain a copy of the respective SDS sheet prior to using this product. The information in the Product Data Sheet is based on data we believe to be reliable. It is offered in good faith, but without guarantee, as conditions and methods of use of our product are beyond our control.
