

PRODUCT INFORMATION SHEET

ALCOHOL HAND SANITISER SPRAY

PRODUCT DESCRIPTION

Alcohol Hand Sanitiser Spray is an alcohol-based hand sanitiser for use on most skin types to control the spread of germs and bacteria often associated and transmitted via the hands. Alcohol Plus Hand Sanitiser Spray contains 70% ethanol plus moisturising agents to ensure that bacteria levels are controlled safely and effectively whilst leaving your hands feeling fresh without causing the skin to dry out. Alcohol Hand Sanitiser Spray is safe in most applications including food service, food manufacturing and office environments as the product contains no perfumes.

DIRECTIONS FOR USE

Apply to hands thoroughly ensuring palms, back of hands and fingers are all covered and rub in well and allow to dry. If irritation occurs, please discontinue use and seek medical advice. Do not use in areas exposed to flames or ignition sources as product is flammable. Allow hands to dry fully before using around cooking area's or ignition sources. This product is safe in food manufacturing facilities as there is no taint sources associated with this product.

FIRST AID & SAFETY

Considered a hazardous product as product is flammable. Avoid contact with skin and eyes. Wear gloves and eye protection when handling. Keep out of reach of children. If swallowed seek medical advice. If poisoning occurs contact a Doctor or the Poisons Information Centre. If swallowed do NOT induce vomiting, give water. If skin contact occurs wash affected area and remove clothing. If in eyes, hold eyes open and flood with water for a minimum of 15 minutes. Call a Doctor.

Refer to Safety Data Sheet for more information.
