SUITABLE FOR TOP & FRONT LOADERS

BRIGHTENING AGENTS

CONCENTRATED DETERGENT

FRESH LEMON FRAGRANCE

LOW SUDS FORMULATION

SUITABLE FOR HOT OR COLD WATER

Concentrated Laundry Powder

Powerful, low suds, concentrated laundry detergent containing a blend of biodegradable surfactants, lemon fragrance and optical brighteners to give clean and bright wash results. Suitable for use in hot or cold water, in top or front loaders.

APPLICATION

LAUNDRY: Domestic, commercial and industrial

DIRECTIONS

DOMESTIC WASHING: Use at 6-8gm per kg*

COMMERCIAL WASHING: Use at 10-12gm per kg*

GREASY OVERALLS: Use at 15-25gm per kg*

*Per kg: dry weight of laundry.

*Standard laundry load is approximately 4-5kg dry-weight laundry.

Application & Intensity Guide

Light/Medium ●●	Medium ●●	Heavy ●●●
Home Use Daily use in domestic environments Safe on surfaces/fabrics, effective clean, easy rinse. 6-8gm per kg	Commercial Use Hotels, restaurants Consistent result for large volumes. 10-12gm per kg	Heavy-Duty Use Industrial textiles, greasy overalls Removes stubborn dirt/oil/grease. 15-25gm per kg

pH Level

pH 11.5 (@1% Solution)

Material Suitability

✓ Suitable	⚠ Use with caution	✗ Not suitable
Cotton Polyester Poly-cotton blends Towels & bed linen Workwear Socks & undergarments Hospitality linen	Dark/dyed fabrics Optical brighteners can cause fading or colour shift over time • Wash separately • Use cold water Microfibre Surfactants can leave residue, reducing absorbency • Use reduced dose and extra rinse Printed/branded garments Agitation & surfactants may degrade prints • Turn inside out • Use gentle cycle Stretch fabrics (elastane blend) Repeated washing may reduce elasticity • Use lower temperatures • Avoid heavy dosing	Wool & wool blends Alkalinity & agitation damage protein fibres Silk Fibre weakening & loss of natural sheen Leather & suede Structural damage & surface degradation Flame-retardant fabrics May impair protective treatment Delicate natural fibres Not designed for mechanical or chemical stress Dry clean only garments Water & detergent exposure can cause irreversible damage

Properties

White Powder

Lemon Fragrance

Biodegradable Surfactants

Brightening Agents

MPI APPROVED C33

(ALL ANIMAL PRODUCT EXCEPT DAIRY)

If treated fabric directly or indirectly comes in contact with edible product, a thorough rinse with potable water must follow the laundering process.
