BIO URINAL BLOCKS

PRODUCT INFORMATION

FAST ACTING NATURAL BIOLOGICAL ACTION

SUITABLE FOR ALL TYPES OF URINALS

LONG LASTING FRAGRANCE

SEPTIC TANK SAFE*

Deodoriser and Sanitiser

Bio Urinal Blocks have been designed for use primarily in urinals to clean and deodorise. They introduce microbes which consume odour-causing bacteria. They help to breakdown the build-up of uric salts that constrict the flow of wastewater through pipes.

DIRECTIONS

Suitable for use in washrooms and toilets with offensive odour problems or slow draining/blockage problems.

Place one block in each individual urinal, or one every 50cm in trough urinals. Replace when the block has dissolved to maintain ongoing efficiency. For optimal odour control around urinals, troughs and washrooms, spray the surrounding surfaces with KEMSOL Bacman and leave to dry.

GREEN STANDARDS

*Septic tank safe, when used as directed.

MPI APPROVAL

MPI APPROVED C32 (All animal product except dairy)

WASHROOM Deodoriser and Sanitiser

PROPERTIES

APPEARANCE Off-White Solid
FRAGRANCE Lemon

REORDER

4KG (160 x 25gm blocks) BI-BIOUB04

CHEMICAL SOLUTIONS SUSTAINABILITY POLICY

We are committed to continual improvement in our environmental performance, and have established a number of goals and initiatives helping achieve this objective. Where possible we always use biodegradable raw materials and all our finished product packaging is reusable or recyclable.

This is only a start, we continually strive to better our environmental performance.
