

HYGIENENIX BIODEGRADABLE WET WIPES

Sorb-X Sanitiser Surface Wipes are convenient, pre-moistened wipes designed for fast and effective cleaning of larger surface areas. Bleach-free, alcohol-free, and fully biodegradable, they provide a safer alternative for regular use without compromising performance. Suitable for healthcare, hospitality, food preparation, and commercial environments, these wipes are effective against a wide range of bacteria and viruses while being gentle on surfaces and users.
