

Made in New Zealand

SoftShield®

Hand Sanitiser Gel - Antimicrobial

Powerful alcohol based hand sanitiser that evaporates leaving hands dry, sanitised and feeling great without the need for a towel or air dryer. Can be used once hands are washed or between washes on a regular basis to maintain sanitised conditions.

Directions

Dispense 2-5mls of SoftShield directly onto hands neat and rub hands together to give an even coverage. In food processing plants, the sanitiser must only be supplied from a fixed, metered dispenser located a sufficient distance from the processing line to prevent product contamination. Hands must be clean before the sanitiser is applied (this includes washing the hands where necessary).

MPI APPROVED C54 (All animal product except dairy)

In food processing plants, the sanitiser must only be supplied from a fixed, metered dispenser located a sufficient distance from the processing line to prevent product contamination. Hands must be clean before the sanitiser is applied (this includes washing the hands where necessary).
