

ADVANCE LITHIUM

PL950

CORDLESS BACKPACK VACUUM • 43.2V LITHIUM • COMMERCIAL

CORDLESS. POWERFUL. PROFESSIONAL.

Designed for professional cleaners who need mobility, performance and comfort, the Pullman Advance Lithium PL950 combines a high-efficiency brushless motor with a versatile cordless backpack design. The supplied Gulper Pro 32mm floor tool is designed for smooth manoeuvring and effective dust pick-up across everyday cleaning surfaces.

UP TO 1HR RUNTIME

43.2V lithium platform
supports longer sessions.

BRUSHLESS MOTOR

High-efficiency design
for extended motor life.

GULPER PRO 32mm TOOL

Ball-bearing wheels help
the tool glide smoothly.

VORTEX HEPA FILTER

Patented chamber design
increases dust capacity.
