

SUN[®] Platinum-Eco[™] Dishwasher Pods 6x60Pods

Description:

Sun Platinum-Eco Dishwasher Pods are designed to give dishes a sparkling clean finish! Formulated to cut through grease and containing a built-in rinse aid, they add the perfect shine to dishes.

The toughest grease is no match for Sun Platinum-Eco Dishwasher Pods. The eco formulation is readily biodegradable, septic tank safe and free from phosphates. Effective in removing starch, minced meat, milk, egg yolk, pasta and tea.

Perfect for use on crockery, cutlery, pots, pans and glassware.

**For water hardness up to 153ppm calcium carbonate.

Product Features:

For Sparkling Results

- 2in1 Formula
- Clean & Rinse Aid
- Septic Tank Safe
- Phosphate FREE
- Fresh Lemon Fragrance

Solutions

SUN[®] Platinum-Eco[™]

Dishwasher Pods 6x60Pods

Directions for use:

1. Remove all food scraps.
2. Load dishwasher.
3. Place 1 pod (without removing the wrapper) in the dispenser, tablet tray or cutlery basket (as per the dishwasher instruction manual).
4. Select appropriate program. Suitable for wash temperatures of 45-70°C. To minimise our impact on the environment, we highly recommend you to wash your dishes on full loads at lower temperatures (lower than 55°C). This will minimise both energy and water consumption and reduce water pollution.
5. Do not use in short or quick wash programs.

Not to be used on: wood, aluminium, crystal and decorated glassware, antique and hand-painted porcelain, items with handles of bone, wood or crockery and items with gold or other precious metal decoration.

Store Pods in original box and in a cool dry place.
