# 951 STAINLESS STEEL GRATED CHANNEL

The details that make the difference.....

# CLASS A STAINLESS STEEL DRAINAGE CHANNEL

SAB951 Stainless Steel Wedge Wire Grated channel is SABDrains latest edition to the market. Manufactured from Class A stainless steel this cutting-edge grate gives you the architectural desired look to finish off your project. Sleek lines and slimline design gives it the versatility to be used in a variety of locations swimming pool surrounds, shopping centres, pedestrian walkways and more. With its flat edgeless design this grate will give your tiles the high end finish whilst maximising the surface water drainage easily. The 952 stainless steel wedgewire is anti-slip.
