#### MOCOM S STERILISERS

At DBS we know that purchasing a steriliser goes beyond just the sale.

We have great relationships with all of the Mocom approved technicians. This enables us to offer a service and price that **INCLUDES - Delivery, Installation, Calibration AND Validation arranged to suit you.** Plus, where possible, it can include biological indicators & pathology. Most competitors don't include these costs or this service, leaving you to arrange these installation requirements yourself - difficult and costly when running a busy practice or upgrading your steriliser.

**THE MOCOM S CLASS OFFERS ALL PODIATRISTS NEED FOR EFFECTIVE INSTRUMENT STERILISATION. PLUS! - YOU DONT NEED A PRINTER.**

Contact our Customer Service staff or check our website for more info.

17 litre - **\$5650.00** 22 litre - **\$6550.00**

**REMEMBER!** - these are the prices delivered and installed.

The only extra charges which can be incurred are for remote areas or extra validation requirements - we will advise these on your quote.

## VACUUM DRILLS

Our 2 great brands offer drills in both **SILENT** and **STANDARD**

"Silent" drills utilise a high capacity brushless vacuum motor to significantly reduce operating noise in the room.

Standard drills use the tried & tested vacuum motors to be just as efficient but cost less.
