NEW FROM NWT!

Are you doing Domicilliary or Nursing Home work?

The **FLYBOX** is a complete package with everything you need in one place. The ideal mobile solution - ergonomic, hygienic with plenty of storage!

Set a comfortable working height for you and your patient no matter what chairs are available in the room.

INTRO SPECIAL! Save \$300
\$4450.00

Another great product from NWT. They have thought of exactly what is required for effective mobile podiatry. The **FLYBOX** is made in Germany and uses the high quality NSK handpieces and other components. There is also a new MasterVac drill available - see below.

MASTERVAC DRILLS

The new MasterVac drills are now in stock.

The updated design is sleek, modern & hygienic with a digital display and simple intuitive controls. **ALL** MasterVac drills now have the powerful brushless vacuum motors so operate very quietly and cut down on extraneous noise in your clinic. The large, high filtration dustbags are easily accessed from the front of the control box. You can choose either the 30K or 40K rpm, easy clean, highest quality NSK handpieces.

PLANTAR PAD

The **PLANTAR PAD** is an easy to use **Fascia Tissue Strength Training Device**

With correct use as part of a Rehab Plan the exercise strengthens fascia tissue and reduces pain. Don't tell your patients to just use a towel. Sell them a **PLANTAR PAD** so that they can consistently complete strength exercises with a specifically designed, effective, evidence based device.

YOUR COST \$24.50 RRP \$35-38

INTRADERMA FOOT CREAM

125ml Flip Top **\$11.25**

500ml Pump Pack **\$30.00**

A great new Aussie Foot Cream

A non-greasy nourishing foot cream to soften and moisturise dry feet and cracked heels. Shea butter, coconut oil, olive oil and other natural ingredients freshen and hydrate dry skin plus it smells great.

Available in 500ml clinic and 125ml patient bottles.

GelSmart CUSTOMISABLES

GELSMART CUSTOMISABLES allow you to supply and customise footcare according to your patient. Increase or decrease the amount of force, depending on the foam insert, for each individual condition. Gradually train the foot to accept more separation by using different durometer inserts or no insert. Loop design for all day wear.
