

## THE IT'S GETTING COOLER EDITION

As temperatures drop DBS cools the prices on assorted items and introduces some autumn/winter colours to the Dr.'s Remedy range.

We continue to live with the pandemic so we focus even more on safety & hygiene in our workplace.

PerfectSense Copper or White Heating Chamber

PerfectSense Sealed Paraffin Filled Booties

**STARTER KIT SPECIAL!**  
**\$640.90**

**PERFECT SENSE** is the answer to one of those problems

Warm paraffin is perfect for chilblains, rheumatism dry skin, blood flow and general aged care.

**SHARING FROM A COMMUNAL WAX BATH IS NOT!**

**SINGLE USE, PATIENT EXCLUSIVE, HYGIENIC, NOURISHING, CLEAN, FAST AND EFFICIENT WITH NO RISK OF CROSS CONTAMINATION!**

**So how does it work?** The portioned paraffin is inside a sealed bootie which is placed in the chamber and heated naturally by adding a solution to a mineral heatpack. The wax melts into the bootie and you slip it on to completely enclose each foot in the luxurious, nourishing wax. After a 10 minute treatment the bootie slips right off leaving soft, supple hydrated skin and no wax residue. Plus it uses no electricity so it can be used in any room and is perfect for mobile foot care.

**NO unreliable electric tubs, NO long wax melt time, NO big lumps of wax, NO burns from overheating, NO plastic bags, NO mess, NO drips, NO spills**

The **PerfectSense** Starter Kit is a Heating Chamber in your choice of Clinic White or Hammered Copper plus a carton of 36 Booties. Choose either Lavender or Eucalyptus aromatherapy fragrance. That's \$8.95 per treatment - clean, hygienic & profitable!

Check out PerfectSense on the DBS website or call us for more info
