

NEW PRODUCTS TO ROUND OUT 2023

NEW FROM KIEHL, GERMANY! DIAMOND FLEXI DISKS - A BETTER DISK OPTION!

A very thin and flexible Diamond Coated Metal Sanding Disk permanently fixed to a stainless steel mandrel.

2.35mm stainless steel shaft - fits all drills

22mm diameter fully coated diamond surface

These diamond coated Flexi Disks offer more effective debridement and a quicker treatment. More comfortable for patients due to a lower heat build-up. No more fiddly fitting of the sanding disc to the mandrel! Usage protocol is the same but it does the job better!

Medium or Coarse diamond grit. Fits all drills.
Long lasting - saves on waste.
Can be sterilised with your other burs & instruments.
