DBS Medical Supplies Newsletter

WE'RE GETTING THERE EDITION

As we head into October thoughts of summer, Christmas plans and making it to the New Year are usually on our minds. It will be different this year but we're sending out positive thoughts & thinking of the Victorians coming out of lockdown. We wish that everyone can stay healthy and safe while we deal with the rest of a year that has pretty much stuffed everything up. DBS are still operating as usual and doing our best to keep up our service to Pods and supply the products you need. Contact us if we can help.

SOLUSHIN

The Australian Researched and Designed Solution

Most common use is for runners, athletes or anyone suffering from shin splints or poor Ankle ROM. It's worn before and after training/activity as it **immediately** relieves pain by applying pressure points to the muscles of the lower leg. It allows much quicker recovery from shin splints. Wearing a Solushin gets your patients back to normal much more quickly - which is what they want.

**Your cost
\$139.00 each**

**RRP \$199.00 each
so great margin for your practice**

The Solushin takes a research-based approach to treating shin splints:

1. Lengthen the soleus muscle
2. Compress the area of soreness & inflammation

**4 Sizes -
S, M, L, XL**

IN STOCK NOW! See our website for more info and sizing details
