

Tile Clean HD

Highly Concentrated Degreaser Detergent

- Cuts through grease and soil
- Does not contain any butyl solvent
- Multipurpose cleaner and degreaser
- Contains corrosion inhibitor
- Rapid cleaning action
- Concentrate provides economic cleaning solution

Tile Clean HD is a concentrated heavy duty alkaline detergent designed for the removal of fats and oils from floors. Tile Clean HD rapidly removes carbonized food deposits and heavily congealed fats and greases.

Tile Clean HD is a water soluble cleaner and degreaser which rapidly emulsifies, suspends and removes all types of animal, vegetable and petroleum oils. It is also extremely efficient at removing greases and grime in industrial, commercial and food processing areas. Tile Clean HD has the added benefit of a corrosion inhibitor and does not impart any cleaning odours.

DIRECTIONS FOR USE

Depending upon the degree of sealer on the floor, Tile Clean HD can be diluted as follows:

PRODUCT USE	DILUTION RATE	APPLICATION
Light Floor Cleaning	8ml/L of water	Mop & Bucket
Heavy Duty Floor Cleaning	16ml/L of water	Mop & Bucket

Dilute product. Allow 5-10 minutes dwell time on tiles then agitate with stiff bristle brush or pad. Remove residue and rinse thoroughly with water. Note: Rinse area of application thoroughly with clean water to avoid any residue being left on the surface.

CAUTION:

Floor may be slippery when applying.

PRECAUTION:

DO NOT use on metal surfaces or polished floors. DO NOT mix with HOT water. DO NOT use this product undiluted. DO NOT use on painted surfaces.

SAFETY DATA

For further information refer to the Safety Data Sheet (SDS)

HEALTH AND SAFETY STATEMENT

There is no way of predicting an individual's response to cleaning or disinfecting products. All cleaning and disinfecting products have potential to cause skin and other irritation in susceptible individuals. Direct physical contact with the skin should be avoided. If irritation does occur when using this product or any other cleaning/ disinfecting solution then the individual should be removed from direct contact with the solution until a satisfactory safe working environment for that individual is determined.

SPILLS:

Slippery when wet. Use sand or earth to prevent run off. Collect and seal in dangerous goods container. Wash remnants to drain with excess water.

FIRST AID:

For advice, contact a Poisons Information Centre (Phone: Australia 131126, New Zealand 0800 764 766) or a doctor.

CHEMICAL COMPOSITION AND PROPERTIES:	
Appearance	Clear brown liquid
Odour	Characteristic
pH (Concentrate)	>14
Solubility	Completely miscible with water
Rinsibility	Good
Abrasives	Nil
Hazardous Status	May react with aluminium, tin and zinc to produce flammable hydrogen gas.
Volatility	Nil
Flammability	Nil
Dangerous Goods Rating	Class 8 UN 1719 Caustic Alkali Liquid N.O.S. (Sodium Hydroxide)

Available Pack Sizes

CODE: 141070
