

CONCEALED CAM ACTION DOOR CLOSERS

D1300

DDA Compliant
AS1428.1

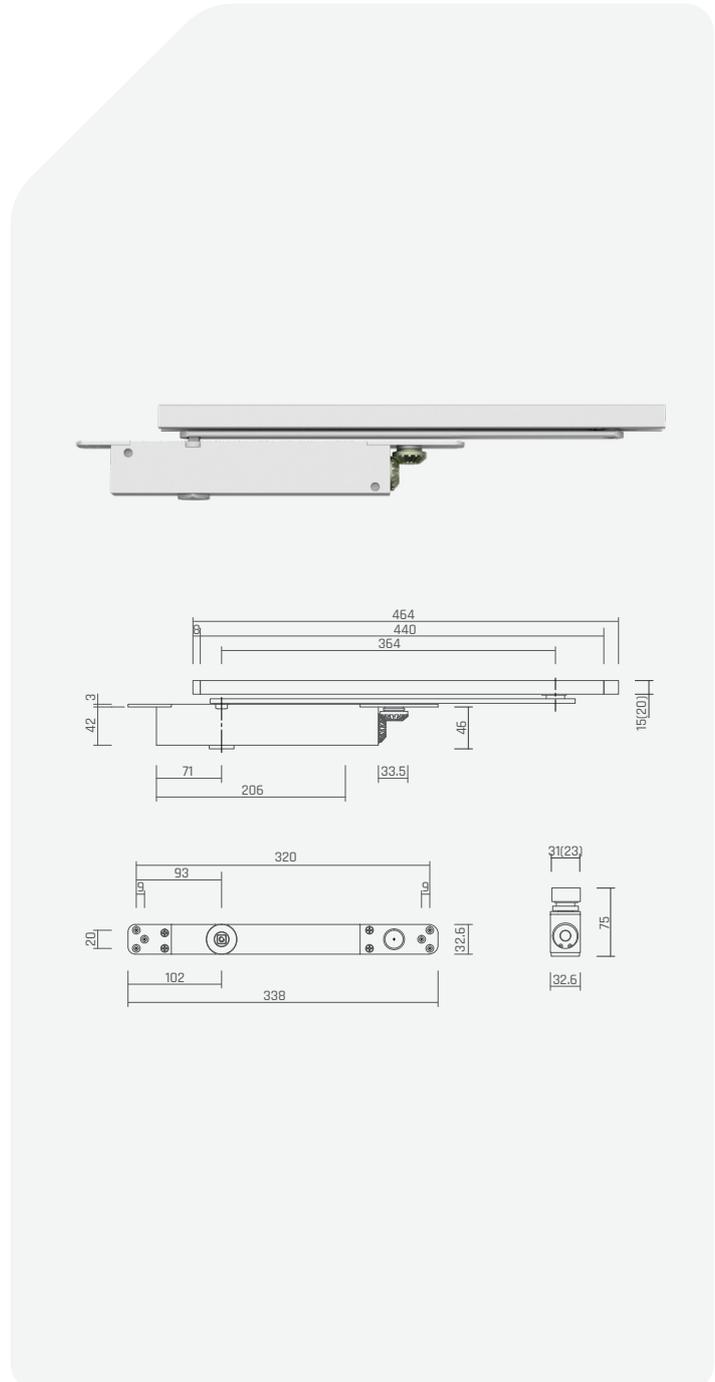

The Entro D1300 Concealed Cam Action closer combines the premium operational functions of cam action technology and the aesthetic advantage of being fully concealed.

Designed to meet the opening force requirements established by Standards Australia Design for Access and Mobility AS1428.1, the D1300 Concealed Cam Action closer is ideal for any demanding commercial situation; especially where children, elderly or disabled are likely to be using the door.

Accessories include hold open devices (D1306) and cushion damper (D1210).
