

H10 Series

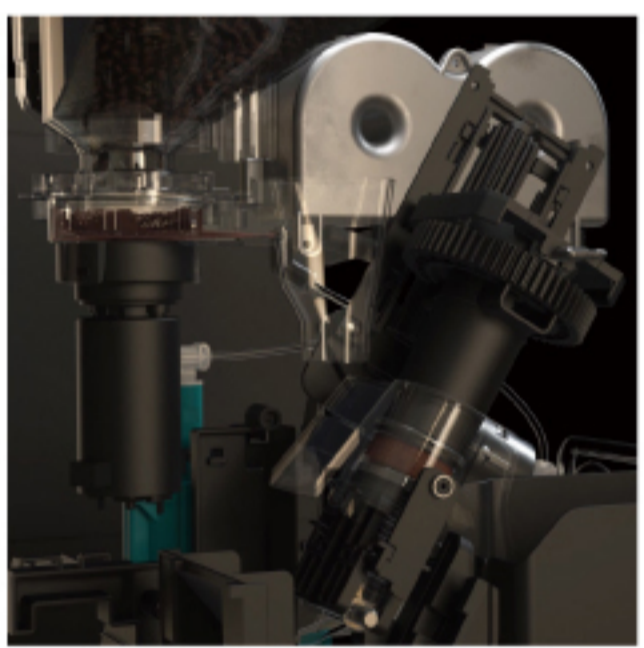

Professional pump offers 19bar pressure to brew a cup of espresso with flavorful and automatic crema.

Smooth and hot milk frothing system makes the foam very smooth, and it can be easily cleaned by its self-cleaning mechanism.

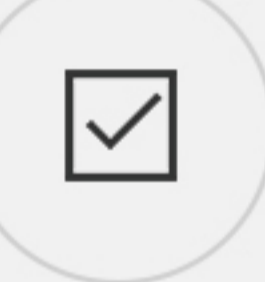

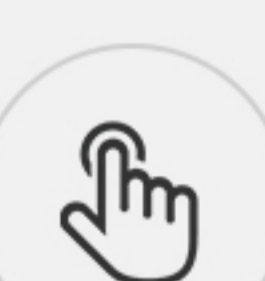

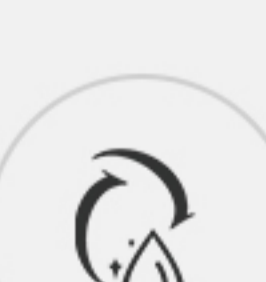

Ceramic flat-type blades, 500kg grinding life cycle, accurately grind the beans into unified-size powder, bring out the unique flavor.

Patented brewing system, to meet your needs for both regular coffee and pressurized espresso.
