The Legge commercial range of door furniture has been designed for use on commercial applications, including interior and exterior doors for retail, educational, governmental, medical and public buildings. Legge commercial furniture should be specified where heavy duty and durable door furniture is essential.

**Features**

- Constructed of quality components, with forged brass levers and plates
- Heavy duty spring provides a smooth, fast return action of the lever and minimises droop extending the life of the furniture
- Furniture re-handed by simple relocation of stop block
- Anti-vandal option available
- Anti-ligature option available
- The 10 year warranty provides specifiers and users with assured quality and performance
- Suitable for use on fire door assemblies when used with fire rated locks and latches

Fire Rated: Tested on fire door assemblies in accordance with Australian Standards, refer fire door manufacturer for specific approval details.

The Legge commercial range of anti-vandal door furniture has been designed for use on commercial applications, including interior and exterior doors that will be subject to vandalism and abuse.

Features

- Constructed of quality components, with forged brass levers and plates
- Heavy duty spring provides a smooth, fast return action of the lever and minimises droop extending the life of the furniture
- Lever hub reinforced to withstand high levels of abuse
- Shear off spindles supplied with lock to minimise potential lock damage
- Supplied as standard with triwing security screws
- Suitable for doors 35mm to 50mm
- Furniture re-handed by simple relocation of stop block
- Suitable for use on fire door assemblies when used with fire rated locks and latches
- The 10 year warranty provides specifiers and users with assured quality and performance

Fire Rated: Tested on fire door assemblies in accordance with Australian Standards, refer fire door manufacturer for specific approval details.
