

BL5051MGPRO

BORG DIGITAL LOCK 5051 M/GRADE PRO LEVER/LEVER BTB

Description

The Marine Pro Series range of products has been developed specifically for marine applications. Manufactured to the highest standards using 316 stainless steel for all of the critical internal components. The Marine Pro Grade series has undergone extensive testing to ensure that the coding chamber is resistant to salt water corrosion. Combined with the new matt black Marine Pro grade finish giving the series even more protection against harsh environments. Vandal resistant clutching levers with large indented push buttons.
